The I G P in his letter to the D M has recommended that the application may be forwarded to the Military authorities concerned. Kind reply is invited to the D M's opinion re: the character and antecedents. For orders whether the application may be sent to the Regt for transmission to the Hqs or any report is necessary. Since the applicant is a sibling in the Service of this Govt. it is for consideration whether the Comd of Police Mess need be addressed. In that case it is perhaps better if the I G P address him direct re: antecedents. But it may not be desirable in the case of general of the Govt. Sdho for personal and orders.

The candidate referred to is a M. A (Hons), belongs to a family several members of which have served in the Military, and is now employed in the State Police Dept. He seems to have put in some 6 yrs of service in the C. I. D & other Branches of service, and it may not be appropriate at the present stage of his career to address the Madras A. Police regarding his antecedents. It is the Police Dept. that is entrusted with the duty of reporting about the character & antecedents of other citizens and he could not have been allowed in that Dept. unless his antecedents & character were good enough.

Application of M. A. Balaji Singh, M. A (Hons)
Sub Inspector of Police for an
Emergency Commission

The application of this officer for an Emergency Commr in His Majesty's Indian Land Forces, was received from the D. M. Magistrate Chitalong. The D. S. P., however, stated that as the applicant's father & other relatives were from Madras, the Comr. of Police Madras might be addressed regarding his character & antecedents. As the applicant is in the State Police Service for 8 years past, the S. G. P. was consulted regarding the character & antecedents of the individual. The S. G. P. stated that his record indicates that "he has been in trouble more than once for being too hasty in his dealings with the public, that he otherwise bears a good character & that he is a man of fine physique & soldierly bearing". The records relating to his past service were obtained & are put up herewith.

~~It is~~ From papers H. K & J, it ~~is~~ is inferred that though he is a well-educated young man, he is somewhat hasty and high-handed.

With reference to your memo No.J3.C.180/41-42 dated the 5th instant, forwarding the application of Mr.M.A.Belaji Singh, M.A.,(Hons), Sub Inspector of Police, for verifying the antecedents and character, I have the honour to state that from the application of the Sub Inspector, it is seen that he is a native of Madras and his late father was residing in Challamuthu Mudali Lane, George Town, Madras. His lien was transferred from Hassan District on reversion to Sub Inspectorate and he has now reported himself for duty here only on 4-8-41 after availing himself of 3 months' privilege leave.

Hence, I beg to submit that I am not in a position to verify the antecedents of the Sub Inspector and to furnish my definite opinion about his character and antecedents etc.

In the circumstances, I would suggest that his application may kindly be forwarded to the Commissioner of Police, Madras City for ascertaining the antecedents of Sub-Inspector, as per the entries made in the application citing many of his relations of Indian Commissioned officers in the old Madras Infantry.

As regards his character, the same may kindly be ascertained from Mr. M.V.V.Naik, District Superintendent of Police, Kolar, and Mr.C.Chandy, M.A., B.L., Assistant Superintendent of Police on leave under whom this Sub-Inspector had served so long.

I have the honour to be,

Sir,

Your most obedient servant,

For Chief Secretary to Government.

Letter No.C.R.59/40 dated 15th June 1941 from the Deputy Commissioner, Hassan District, to the Inspector-General of Police in Mysore.

In continuation of my letter of even number dated the 2nd May 1941, regarding the misconduct of Mr. Balaji Singh, the then Police Inspector of Belur, towards Mr. H.V.R.Iyengar, I.C.S., C.I.E., of the Bombay Government, I have the honour to state that after obtaining the explanation of Mr.Balaji Singh, the District Superintendent of Police has recommended that the Inspector may be dealt with leniently, as the driver of Mr.Iyengar misbehaved towards the Police Inspector. Even in the other case of about the beating of the Revenue Peon of the Belur Taluk Office, the District Superintendent of Police has, while submitting the records of enquiry, stated that the Inspector is not responsible for the beating, that a constable beat the peon without the knowledge or permission of the Inspector, that the constable has been suitably punished, and that the matter may be dropped.

I am not however convinced of the arguments put forth by the District Superintendent of Police on behalf of the Police Inspector in either of the two cases, and cannot agree with him to deal with the Inspector in the manner recommended by him. It has to be pointed out that in connection with the beating of the Revenue Peon, the enquiry held is by the Police Inspector himself though the allegations were against him only. I am of opinion that the District Superintendent of Police was not in order in having referred that complaint to the Police Inspector, but that the enquiry should have been conducted by the District Superintendent of Police himself. It is not, as such, strange that in such an enquiry, the persons examined should have absolved the Inspector of all blame. In the other instance also, even if the driver of Mr. Iyengar had, as alleged by the Police Inspector, misbehaved towards him, he ought to have conducted himself tactfully. The Inspector was entirely in the wrong in having asked the driver to go to the Police Station and asked his constable to bring the driver there, only to take back the driving licence. He should have, on the otherhand, noted the particulars of the driving licence in his own note book, as soon as he inspected it and returned it to the driver. The Inspector's

Inspector's own statement is self convicting. The records in these two cases are herewith enclosed.

I am also enclosing herewith the records pertaining to the earliest incident of this Inspector's assault on the Range Forest ~~Forest~~ Officer, Mr. Siddabasaviah, referred to in my letter adverted to above. Because that was the first instance of the kind that came to my notice, and because the two persons concerned squared up the matter between themselves and effected a compromise, I gave a chance to Mr. Balaji Singh to improve against similar conduct in future. With this warning, and let him off with a warning. Mr. Balaji Singh should have conducted himself better- But, instead, he has gone worse, and his behaviour towards Mr. Iyengar, specially on 1st May 1941, is anything but excusable.

In view of all these circumstances, I recommend that Mr. Balaji Singh be awarded with an exemplary punishment so that it may have a deterrent and salutary effect on the entire subordinate Police Staff.

The records may kindly be returned when done with.

The particulars furnished by the applicant are correct.

There seems to be no substance in the information furnished by the applicant that his great grand father is reputed to have served in the Army and that he was given a 'Jahagir ' for his services. Neither the applicant nor his father have been in enjoyment and possession of any Jahagir.

The character and antecedents of the applicant are reported to be good. He belongs to a respectable family.

Subd for perusal. At present the applications for the Mysore Mch subjects are received from the Mysore concerned with the report in the character of the applicants in this office and forwarded to the Remy for transmission to the Head Qrs. The present proposal practically shuts out the Mysore candidates from applying for the Emergency Commission in the Indian Army. If the Head Qrs are asked not to select Mysoreans, the no purpose is served by sending the applications of Mysore candidates to the Head Qrs. Anyway the reply of the Residency in the matter may perhaps be awaited as suitable action taken. Subd for perusal and orders.

The Delhi correspondent of the Hindu says that the appointment of Sir John Dill, Chief of the Imperial General Staff, as Governor of Bombay in succession to Sir Roger Lumley has caused great surprise. The same correspondent adds that from a strategic point of view, the fact that the present Chief of the Imperial General Staff will be in India will greatly assist the authorities entrusted with defence measures should the danger of war come nearer our frontiers.

PREFACE.

This pamphlet is intended to give in a short compass the main conditions governing emergency commissions in His Majesty's Indian Land Forces. It is intended for the information of candidates who are considering applying for emergency commissions. This pamphlet should not be quoted as an authority especially as regards pay, allowances, leave and other concessions as these are subject to periodical revision.

PART I.—GENERAL.

This part contains general conditions governing emergency commissions in both technical and non-technical arms.

1. *Definitions*.—Technical arms are :—

- Indian Engineers.
- Indian Signals.
- Royal Indian Army Service Corps (M. T.)
- Indian Army Ordnance Corps.

Non-technical arms are :—

- Cavalry.
- Infantry.
- Artillery.
- Royal Indian Army Service Corps (General Duties).

2. *Emergency Commission—its implications and prospects.*

All Commissions which are granted during the present war are known as “Emergency Commissions”. They are granted for the duration of the war and for so long thereafter as their services may be required. They convey the same status and powers as permanent peace time commissions, although terminable on the conclusion of hostilities, holders being eligible for consideration for such permanent commissions may be available after the War. Many officers holding emergency commissions will undoubtedly be required for permanent service after the war, so there is a good chance of being selected for this privilege. As merit and experience will count, the sooner a commission is obtained the better. Intending candidates should therefore not delay in applying.

Many prospective applicants have little knowledge of what in the Army involves. An Officer in His Majesty's Forces has many responsibilities, moral, legal and financial, but many privileges. He is responsible for the welfare and lives of the men who serve under him at all times. He is answerable for all the arms, equipment, clothing, animals and other property used by the men under command. He has to work hard to make himself efficient in the many duties which will come his way. He must be inspired by a deep sense of devotion to the cause of his country and never tire himself in carrying out his duties, however distasteful they may be at the time.

In return he will learn to be a leader of men. He will broaden his mind by travel both in India and abroad. He will find opportunities for games, sports, adventure and make contact with various peoples and make many new friends. There is probably no profession in the world which repays one so well in kind for the hard but healthy work which Army life entails.

As it is realised that candidates by accepting emergency commissions may be missing the chance of permanent employment in other Government services, it has been decided that 50 % of vacancies annually occurring in the I. C. S. and Indian Police shall be left unfilled with a view to their being made available immediately after the war for suitable candidates with war service. A similar scheme of reservation to the Central Services with any necessary modifications imposed by the peculiar requirements of particular services is under consideration and it is expected that Provincial Governments will make their own pronouncements in respect of the services under their control. Minimum educational qualifications, the possession of which is considered essential for the efficient performance of the duties of the Service in question, will be prescribed but otherwise recruitment to such reserved vacancies will be made by selection and due consideration will be given to a certificate of good service from the Military Commander of the unit or units in which the candidate served. Appointments will be subject to the usual medical examination for physical fitness prescribed for the Service concerned.

Implications of emergency commissions.

Candidates once finally selected must—

- (i) give up all ideas of other employment whilst serving in the Army ;
- (ii) subject themselves to the rules and regulations of the cadet school to which posted and subsequently to provisions of the Indian Army Act, which confers additional privileges as well as liabilities ,
- (iii) be prepared to serve anywhere in India or overseas with any Branch or Arm of His Majesty's Forces and to move anywhere at short notice by land, river, sea or air.

Direct Commissions.

These are granted to those who possess certain special qualifications and who can be granted special appointments without any military training.

The terms and conditions including age limits and physical standards, which apply at present to those entering Army Service are set forth in Appendices 1 to 7.

3. (a) *Who are eligible to apply.*—Any male person of unmixed Indian descent (including school and college students), or of mixed Indian and European descent, or of pure European descent if domiciled in India, is eligible.

A candidate who is in Government service must apply through the Head of his Department who must obtain sanction of the Local Government or Administration concerned.

Subjects of Indian States in State employ must obtain prior sanction of the State Authorities concerned.

Applications of serving soldiers including V. C. Os. will be forwarded through the normal military channels. No serving soldiers of, or individuals serving with, the I. A. O. C. will be recommended without the prior permission of the Director of Ordnance Services at G. H. Q., India. Prior approval of D. S. D. (Signals) will be necessary in the case of serving soldiers of Indian Signal Corps.

(b) *General qualifications.*

(i) *Physical.*—See para. 5 and Appendix 2. Candidates must be able to stand a strenuous course of training at an Officers' Training School and fulfil full military obligations.

(ii) *Educational.*—Good general education of a high standard. No minimum educational qualifications are specified for non-technical arms but candidates are expected to possess good general knowledge, acquaintance with current world topics and the part played by the Army especially the Indian Army in the War, intelligence and fluency in English. The medium of communication at the training schools is English and no facilities exist at the training schools for language instruction.

(iii) *Miscellaneous other qualifications :—*

Personality so as to command the respect and obedience of Indian soldiers.

Resourcefulness.

Initiative.

Powers of drive without being aggressive.

Adaptability to circumstances.

Tactful behaviour to superiors, subordinates and others.

(iv) *Age limits.*—As laid down in Appendix I.

4. *How to apply.*—Those desirous of taking advantage of the opportunity to obtain an emergency commission should apply in writing for a form of application I. A. F. Z. 2290 to the requisite Military Headquarters shown in Appendix 3 according to the civil District in which they are residing at the time of applying.

5. *Medical Fitness.*—All candidates must be medically fit for service in any part of the world. In the case of Engineer candidates Medical Category 'B' (Unfit for general service, but fit for all ordinary duties in India, and for garrison, base, or L. of C. duties abroad, or for specially selected employment abroad) is acceptable.

6. *Method of selection.*—Candidates will first be interviewed by a Local Selection Committee, called Provincial Board, consisting of civil and military officers. If approved by that Committee they will be interviewed by one of the Central Interview Boards (*see* Appendix 8).

Technical candidates will in addition require to be passed by a selected Technical Officer.

No appeals against the decision of the Central Interview Boards can be considered.

Candidates not considered up to standard for an Officers' Training School but likely to improve with special training facilities, may be selected for this purpose by the Interview Board when special instructions will be issued to the candidate.

7. The periods of training are as follows :—

Arm of Service.	Period of Basic Training.	Supplementary Training in arm of service for which selected.	Total.
	months.	months.

Training Centre.

†Selected candidates will be required to undergo a further course in Armaments and Instruments, totalling 4 months.

N.B.—Cadets of between 18 and 18½ years of age carry out 12 months' training inclusive of supplementary training. (Not applicable to the I. A. O. C.).

Serving soldiers finally selected are not exempt from undergoing training but the period may be shortened according to the degree of proficiency.

Joining instructions will be given to the candidates prior to their proceeding to their respective school of instruction.

Candidates must mix freely with all classes and must not be influenced by caste prejudices. Messing arrangements are provided at the Training School and no separate arrangements by candidates are permitted. Candidates are not allowed to take their families to Schools of Instruction.

8. *Posting of trained Candidates.*—This will depend on aptitude and characteristics displayed while under training. While every regard will be given to candidates' wishes, the recommendation of the School Commandant will be the chief deciding factor. In the case of I. A. O. C. Officers, postings will be ordered by General Headquarters.

Candidates who do not come up to the required standard during training are liable to be discharged at any period of their training.

9. *Leave*.—Leave will be admissible as under :—

(i) *During the period of training*.—No leave except casual leave up to ten days at a time, will be admissible.

I. A. O. C. Officers will not be granted any leave whilst undergoing training at the I. A. O. C. Training Centre.

(e) Those permitted to retire or resign their commissions may be granted privilege leave due or casual leave pending retirement or resignation.

10. *Counting of previous service*.—(Not applicable at present to Ordnance Mechanical Engineers for which see Appendix 5). Emergency Commissioned Officers are eligible for promotion to the war substantive rank of Lieutenant on their completing 2½ years' service including any periods of service reckonable under clauses (i) and (ii) below, or on completing 18 months' commissioned service rendered during the emergency, whichever is earlier.

(i) All King's commissioned service, in any branch of His Majesty's naval, military, marine and air forces [which include service in the Indian Volunteers, the Indian Defence Force, the Auxiliary Force (India), and the Indian Territorial Force], in the forces of a Dominion, Crown Colony or other British Possessions, whether regular or otherwise, rendered during the period 4th August 1914 to 11th November 1918 (both days inclusive), and any full pay King's commissioned service rendered subsequent to the above mentioned period.

- (ii) All King's commissioned service with the colours as a regular officer.

No individual will be commissioned with more seniority than that of Lieutenant, junior in that rank, but those who have sufficient reckonable service will be allowed to draw the higher rate of pay laid down for a Lieutenant.

An applicant should state clearly on his application form the period of service, as above, which he claims should reckon towards rank and seniority, and should submit the necessary proof thereof. The onus of proving former service rests with the applicant himself, and claims are ignored in the absence of necessary proof.

11. *Pay and Allowances.*

(1) (a) *Indian civilian cadets from India*.—Pay as specified below, will be admissible from the date of joining the schools of instruction or training units :—

(b) *Civilian Government servants from India—(Indians)*.—Pay as in (a) above, but they may be allowed to draw the civil pay of their civil substantive appointments if more favourable.

The term 'civil pay' will take into account increments of civil pay as they become due and the operation of the 'next below rule' affecting officiating promotions under the civil rules applicable to the officer's permanent cadre.

Pay and allowances will be admissible from the date of leaving their peace stations, provided officers report for duty within 10 days of that date.

An officer will be allowed to retain a lien on his permanent civil appointment under the normal rules on the subject; military service will count towards increments of civil pay, promotion, pension or gratuity (as the case may be) in his permanent cadre.

(2) Messing, accommodation, furniture, water, light, fuel and conservancy charges of *all cadets* will be borne by the Government.

(3) An outfit allowance of Rs. 533 will be given to each cadet. This will be expended under the supervision of the Officer Commanding of the Training Establishment to which posted. - (ii) If posted to an intermediate station (i.e., when proceeding to an Officers' Training School or the Indian Military Academy), they will travel on warrant on the temporary duty scale in the class of accommodation to which their substantive rank entitles them provided that in no case will a lower class of accommodation than second class be allowed. When proceeding to the permanent station direct after completion of the course, they will receive conveyance on warrant on the temporary duty scale for themselves, *plus* the difference between the permanent and temporary duty scales of baggage and servants on warrant and fares for the family to the permanent duty station direct as for first grade officers.

Non-service personnel (i.e., British and Indian gentlemen recruited from civil life and from Government employment)—

- (i) If posted from their residence/station of civil employment direct to their permanent station, they will receive permanent duty scale of travelling allowance as for second grade officers, except that such Government servants as are classified as first grade officers for travelling allowances will receive first class fares.
- (ii) If posted to an intermediate station (i.e., when proceeding to a course of instruction at the I. M. A. or an Officers' Training School), they will receive temporary duty scale of travelling allowance as for second grade officers, except that Government servants who are classified

as first grade officers for travelling allowances will receive first class fares, from their residence/station of civil employment to the intermediate station. When proceeding to the permanent station direct after completion of the course, they will receive conveyance on warrant on the temporary duty scale for themselves, *plus* the difference between the permanent and temporary duty scales of baggage and servants on warrant and fares for the family from their residence/station of civil employment, to the permanent duty station direct as for first grade officers.

Whilst at the second course they will be entitled to the concessions at (a) and (b) above. When proceeding to the permanent station direct after completion of the second course they will receive conveyance on temporary duty scale from the second station of training to the permanent station for themselves, *plus* the difference between the permanent and temporary duty scales of baggage and servants on warrant and fares for the family from their residence/unit/station of civil employment to the permanent duty station direct as for first grade officers.

13. *Provident Funds.*

(a) Cadets granted emergency commissions are eligible to subscribe to the Defence Services Officers Provident Fund. Subscription is initially optional, but continuance becomes compulsory when an officer once becomes a subscriber. The object of the Fund is to encourage thrift and to provide officers with a lump sum of money on quitting the service, at a time when it is most needed.

While in service subscribers may, under certain conditions, take advances from the sum standing to their credit. Such advances will ordinarily not exceed an amount in excess of three months' pay and are repayable in not less than 12 and not more than 24 monthly instalments.

Subscriptions range from a minimum of Rs. 10 to Rs. 40 p.m according to the rank of a subscriber, the maximum monthly subscriptions being five times the minimum, and are exempt from payment of Indian Income Tax subject to the limitations laid down in the Indian Income Tax Act.

Interest is allowed on subscriptions at the same rate admissible to subscribers to the General Provident Fund. The rate of interest will be as decided by the Government of India and notified in India Army Orders from time to time.

Copies of the Defence Services*Officer Provident Fund Rules can be obtained *gratis* from the C. M. A. and P., Lahore.

(b) Civilian Government servants, including Railway personnel, who, during their civil employ, were subscribers to a Provident Fund, will be permitted to continue to subscribe to that Fund under the same terms and conditions as in their civil appointment.

14. *Disability and family pensions.*

APPENDIX 4.

CORPS OF INDIAN ENGINEERS.

There are two methods of recruitment of Engineer officers from civil life in India for the grant of emergency commission in the Corps of Indian engineers.

METHOD I.—Commissions through Engineer Officer Cadet Training Units.

Qualifications. (a) *Physical.*—See Appendices 1 and 2.

(b) *Education.*—(i) Passed the Intermediate examination in Arts or Science in the first or second Division with Mathematics or Physics of a recognised Indian University.

(ii) Passed the B.Sc., or B.A. examination in the first or second Division with Mathematics or Physics or with two papers in Mathematics of a recognised Indian University.

(iii) Passed the first or intermediate examination in Engineering of a recognised Indian University.

(iv) Passed the Associate membership examination (all parts) of the Institute of Civil Mechanical, or Electrical Engineers of Great Britain, or of the Institute of Engineers (India).

(v) Passed the final examination of a recognised university of Engineering degree or Engineering College Diploma.

(vi) Men without engineering degrees or diplomas but with good practical experience of engineering may be accepted provided they possess reasonably good educational qualifications. Such cases will be considered on their individual merits.

(c) *Experience.*—Practical engineering experience preferably of civil or structural engineering is necessary only in the case of candidates over 27 years of age.

Prospects.—Emergency Commissioned Officers receive substantive promotion to the rank of Lieutenant on completion of 18 months' Service.

METHOD II.—Direct Commissions without training.

This type of commission is granted only to selected individuals whose qualifications suit them for specialist Engineering officer appointment.

Prospects.—Officers with the necessary qualifications and experience may receive immediate or early acting promotion to Captain or Major to fill vacant appointments carrying these ranks.

APPENDIX 5.

INDIAN ARMY ORDNANCE CORPS.

A. *Ordnance Mechanical Engineers.*

(a) *General Education.*—Matriculation or equivalent standard.

(b) *Technical Education.*—A technical education is not enough; the candidate must show that he has actually benefited by it, *i.e.*, he has assimilated and retained fundamentals and that he is able to apply his knowledge to practical engineering problems.

(c) *Practical Training.*—Practical training is of paramount importance; a definite apprenticeship is most desirable. This may be sandwiched with a university course. As well as being trained in fitting and turning, candidates must have had some experience in allied trades such as pattern-making, moulding, etc.

(d) *Experience.*—The experience required of a candidate will depend largely on his age. In the case of older candidates, *i.e.*, from 35 years of age, it is expected that he should have already held some responsible post. In the case of younger men extensive experience is not expected, but the candidate must be able to satisfy the interviewer that he has had the groundwork and fundamentals necessary for the duties of an O.M.E.

(e) *General.*—A candidate must show that he has had some experience in the control of labour—that he has the character that will carry out an order, and the personality that will ensure that his own orders are carried out.

(f) *Qualifications.*—A candidate must either have—

(i) a degree in mechanical or electrical engineering, or

(ii) have passed the requisite examinations to qualify for graduate membership of either the Institute of Electrical Engineers, the Institute of Mechanical Engineers, or the Institute of Automobile Engineers, or

(iii) held such a responsible position in an approved engineering firm as would require qualifications at (i) or (ii) above.

B. *General Duties.*

1. *General Education.*—Minimum educational qualification—B.A., or B.Sc.

General.—As for (e) above.

2. *Qualifications.*—A knowledge of any of the following:—

(a) Administrative work in any large industrial firm.

(b) Textiles.

(c) Oils.

(d) Paints.

(e) Chemicals.

(f) Explosives.

(g) Timber.

(h) Leather.

Officer cadets for the I.A.O.C., are not generally classified as officer cadets, but in certain cases, may be required to undergo a period of military training as cadets at an Officers' Training School. Those granted direct commissions are commissioned on recruitment as follows:—

(a) *Ordnance Mechanical Engineers*.—In the rank of Lieutenant in the first case, and granted an ante-date in the rank for the purposes of pay and promotion as under—

(i) If recruited after 25th birthday—5 years;

(ii) If recruited before 25th birthday—to 20th birthday.

These ante-dates will normally enable officers to reach the rank of Captain by their 34th birthday. Where, however, owing to age on recruitment, they will not be the case, the temporary rank of Captain will be granted to such officers recruited on emergency terms as under—

(i) Officers below the age of 34—on attaining their 34th birthday.

(ii) Officers who are 34 or over on recruitment—with effect from their 34th birthday or date of recruitment, whichever is later.

The grant of this ante-date will have no effect on seniority for further promotion or post-war prospects, which will be assessed from the date of first commission, plus ante-date.

(b) *Administrative*—as Second Lieutenants.

N.B.—Those required to undergo military training will be commissioned under the above terms from the date that they report for duty with the I.A.O.C.

APPENDIX 6.

ROYAL INDIAN ARMY SERVICE CORPS.

This is a Regimental Corps and the officers hold combatant status. The general qualifications and conditions laid down in paragraph 3 (b) Part I are applicable.

Officers are required to serve in the Supply Animal Transport and Mechanical Transport Branches of the Corps and duties are interchangeable. They must be prepared to supervise butcheries, if required, and must not permit caste prejudices to interfere with the discharge of their duties. On first appointment officers undergo a three months course of instruction at the I. I. A. S. C. School in Supply and Mechanical Transport subjects and thereafter may be selected to undergo a further course in Animal Transport subjects.

No special technical qualifications are necessary but commercial training, business experience and a knowledge of Mechanical Transport will be helpful.

APPENDIX 7.

This education is compulsory. The lowest of all examinations is the recruits' test and that is merely literacy in his own language.

Highest of all is the special certificate which is equivalent to the Matriculation but on a military syllabus. This certificate is accepted in government service in lieu of Matriculation for clerical posts. It also qualifies soldiers for entry into the Indian Military Academy for obtaining a regular commission.

Technical personnel.—Although the minimum qualifications in majority of cases is up to the fourth standard preference is given to one who can read and write English.

PART V.—PRELIMINARY MEDICAL EXAMINATION OF ARMY RECRUITS.

In the preliminary medical inspection of recruits, the principal points to be attended to are :—

That the recruit is sufficiently intelligent.

That his hearing is good and that there is no sign of serious ear disease.

That his vision with either eye is normal.

That his speech is without impediment (slight stammering not to debar).

That he has no glandular swellings.

That he has no inveterate cutaneous disease, chronic ulcers or fistulae.

That his chest is well formed and that his lungs are sound.

That his heart is sound.

That he is not ruptured in any serious degree.

That his limbs are well formed and fully developed.

That there is free and perfect motion of all the joints.

That his feet and toes are well formed.

That he has no congenital malformation or defects.

That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution, e.g., enlargement of the spleen.

That he possesses a sufficient number of sound teeth for efficient mastication.

That he is not suffering from venereal disease.

That he shows no manifestation of nervous instability, e.g., Rombergism, Graves' disease, Tachycardia.

That any curvature of the spine is postural.

Vision.—The standard of vision need never be as high in the case of a non-combatant as for a combatant. The latter requires acuity of vision for rifle shooting and for accurate observation of enemy movements, landscape marking, etc., and these are points which are never likely to be of importance for any non-combatant. Every non-combatant, however, must have fair sight, sufficient to

PART V.—PRELIMINARY MEDICAL EXAMINATION OF ARMY RECRUITS—*contd.*

enable him to perform his duties. Ward servants and cooks of the Indian Hospital Corps need sight good enough for them to carry out their duties in the wards and kitchens. Sweepers of this corps, *i.e.*, men who have to clean hospital wards, etc., require better vision than is necessary for conservancy sweepers.

Minor physical defects which may be condoned at the discretion of the medical officer :—

Otitis Media and other ear diseases.	..	..	All dried up perforations and cases of otitis media, unless there is offensive discharge should be accepted provided hearing is satisfactory.
Knock-knee	..	..	Where there is no muscular weakness or wasting, and the candidate can walk and run satisfactorily, even though the internal malleoli may be separated by over 2 inches he may be accepted.
Goitre	..	..	Where there is no sign of nervous instability, where the heart rate is within the normal limits and there are no other signs of Toxaemia attributable to enlargement of the Thyroid gland, the recruit may be accepted.
Curvature of Spine	..	..	May be accepted if only apparent, <i>i.e.</i> , postural and not due to active disease of the vertebral column.
Small Hydrocles, Varicoceles, and mild Bubonocoles.	..	..	May be accepted provided the medical officer considers the condition to be such that it will not interfere with efficiency within a period of two years.
Varicose veins	..	..	Cases to be treated on their merits and if recruit's efficiency is not likely to be affected within a period of two years he should be accepted.
Enlarged Spleen	..	..	May be accepted where enlargement is moderate, provided the spleen is soft and in the opinion of the medical officer likely to dissolve under treatment. A note should be made on the documents of all such recruits accepted so that suitable treatment can be given in their Training Battalions.
Pyorrhoea	..	..	Men with severe pyorrhoea, should be rejected. If pyorrhoea is slight and the teeth are otherwise sound the man may be accepted.

To

Sir,

As advised by the Honourable the Resident I am applying for an Emergency Commission in His Majesty's Indian Land Forces by submitting the completed forms to your goodself.

In addition to information supplied within the forms I beg to add the following for favour of due consideration.

Besides studying in the Senior Intermediate Class I have completed some commercial Courses and obtained Diplomas. But unfortunately the packet containing these as well as several valuable Prize Certificates etc obtained by me are destroyed by white ants. Therefore I am not including them within the forms. I have written to the Board concerned in England to issue duplicate Diplomas. As soon as I receive them I will submit the same. But I pray that my selection should not be deferred until then but made on present

merits enumerated in the forms and hereunder. I am anxious to get into fighting form with the least possible delay.

I dare hope I should be able to give entire satisfaction regarding my character, ability, intelligence and family status from any point of view. From the attached copies of the testimonials your good-self would be pleased to infer that I have been able to give entire satisfaction to my head Master, Schoolmasters and the Principal.

In studies I have allowed none to pass over me and score the first mark in any subject except Telugu in all the forms including the Public examination for S.S.L.C. Even in Vocational subjects like Carpentry and Weaving I have always stood first. Apart from the studies I have always been ^{successful} ~~successful~~ in School Games and Sports and in debates I have invariably carried the House with me. As for general activities I have been a cub and then a Scout from my boyhood. I was the Troop-Leader of my High School Scout Troop for 3 years. Under my leadership the Troop of several hundreds of Scouts was acclaimed as one of the best troops in the whole district. Unfortunately there was no U.T.C. in our college. I should have been the very first to join and pass out with colours.

As for the standard of my knowledge in English I beg to state that in all such literary ~~xx~~ tests I have invariably carried away first Prizes. I beg to enclose here-with a copy of Certificate issued to me by the Secretary of ~~xxxx~~ National Health & Welfare Association

Association testifying the fact that I got First Prizes in open Competitions. In these Competitions Students of several high Schools have partaken and while I was only a Fourth Form Student I have secured the First Award under the very nose of even School Final and Intermediate Class Students.

As for my public activities I beg to state that I have presided on several public functions of Students and youngmen. One of the important public functions on which I presided was on the occasion of the 29th. Anniversary Celebrations of the Panakalaraya Ramamohan Club held on 5-1-1941 at PALAKOL (West Godaveri Dist).

As for the respectability of my family I beg to state that many of my relatives hold decent Govt. jobs and some are merchant princes. My late grandfather, M.Chengiah Chetty was a Deputy Commissioner in Mysore State. Dewan Bahadur P.D.Gupta Esq, B.A.B.L., a relative of mine, was the Chief Presidency Magistrate of Madras. My own brother-in-law Sri. D.Raghaviah is a millionaire merchant and land-lord of Palakol and is known throughout Andhra Districts

I beg to place the above matter before your worthysself not with a view to exhibit my own self but with an entire burning desire to convince that the trust you should be called upon to place in my selection would be justified by in the light of my past as well as the future responsibilities I may be demanded to perform and shoulder.

As for the Military tradition of my family I have submitted details in the Printed form. From the same you will be pleased to infer that ~~my~~ both my father and uncle have served in the Great War and two of my cousin brothers are now serving in the present war.

My last prayer is that you would not pass over me because I am not a graduate but give me a chance to prove that I have enough abilities and daring to face the cannon or the bayonet with an open heart and also show that by application of right endeavour and energy I could give similar satisfaction to my superiors as I have always and invariably given in the past.

Thanking you with all my heart and earnestly praying that you would give me an early chance to get into life touch with the Enemies of Civilization.

with my best regards,

I beg to remain,

Sir,

Yours Most Obidiently,

S. Jayachandra
